Build up inter- alia relationships between top Corporate Houses & MSMEs

While the Indian industry is being spearheaded by top corporate houses and industrialists the MSMEs are becoming the dire need of corporate world. Corporate house always have an undeterred intent to look out for active, dynamic and booming SMEs whom they can associate with for their business activities.

Keeping in mind the demographics and the economic situation in India, indeed, MSMEs and corporates' both have a sterling role to play in its industrial growth and therefore there is a need to complement each other. In the wake of such imperative importance, we provide our members with a platform to network, exchange information and discuss specific horizontal and vertical issues with SMEs or leaders of their industry.

Corporate Social Responsibility

It is observed that the business sector generating wealth and value for the shareholders in the last sixty years, failed in narrowing the gap between India and Bharat through its income – skewing capability. This gap needs to be bridged. It's not just responsibility but rather the Corporate Social Ability of various corporate houses that needs to be realized and tapped in order to bridge the gap between the Haves and Have-Nots.

We do also assist the industry and encourage their role towards corporate social activities. The chamber believes that such initiative will bring substantial improvement in total contribution by corporates' and partnering them in national development and inclusive growth.
